

MATERIAL SAFETY DATA SHEET

Page 1 of 2

Product Name: **MAX ALL PROTECTIVE COATING**

Manufacturers Name: GRAFFITI SOLUTIONS, INC.
2263 McKnight Road North, Suite 2
North Saint Paul, MN 55109
651-777-0849

Prepared by: W. Gorbunow
Date Prepared: 01/31/06
Emergency Tel: CHEMTREC 800-424-9300

HMS Rating: Health 1, Flammability 0, Reactivity 0, Special 0
NFPA Rating: Health 1, Flammability 0, Reactivity 0, Special 0
Degree of Hazard: 0=Least 1=Slight 2=Hazardous 3=Extreme Hazard 4=Deadly

Section II - Hazardous Ingredients/Identity Information

Components (CAS#)	OSHA-PEL	ACGIH-TLV	%WT
-------------------	----------	-----------	-----

No hazardous components as defined in OSHA communications standard 29 CFR 1910.1200. OSHA-PEL and ACGIH - TLV do not apply. Not subject to the reporting requirements of SARA TITLE 111. CERCLA Hazardous substances: None. All components in this mixture are listed on the US TSCA Inventory. The chemicals in this mixture are considered non-hazardous or are below listing limits under Pennsylvania Worker and Community Right-to-know program. These chemicals are considered **trade secrets**. The specific chemical identity is available to health professionals under Sec. 317.3 of this program.

Section III - Physical/Chemical Characteristics

Boiling Point: over 212⁰F
Specific Gravity (Water = 1): 1
Vapor Pressure: NDA
Melting Point: N/A
Vapor Density (AIR = 1): NDA
Evaporation Rate (Water =1): 1
Solubility in Water: 100% miscible
Appearance and Odor: White liquid, low odor
Percent Volatility: over 85%
Viscosity: 60 cps
PH: 8-9

Section IV - Fire and Explosion Hazard Data

Flash Point (Method Used): None, will not burn
Upper/Lower Explosion Hazard: NA
Auto-Ignition Temperature: NA
Usual Fire and Explosion Hazards: None
Extinguishing Agents: Foam, dry chemical, water fog or water. Use water spray to cool fire exposed surfaces and to protect personnel. Use extinguishing media appropriate for surrounding fire.

Section V - Reactivity Data

Stability: Stable
Incompatibility: No known materials.
Hazardous Decomposition products: None known
Hazardous Polymerization: Will not occur
Conditions to avoid: NA

Section VI - Health Hazard Data

Health Hazards (Effects of Overexposure):

1. **Inhalation:** Inhaling large quantities of mists or vapors may cause some irritation to nose, throat, lungs.
2. **Eyes:** Direct eye contact may cause slight temporary irritation.
3. **Skin:** Unlikely to irritate. Prolonged contact with liquid may cause slight temporary irritation.
4. **Ingestion:** May cause slight temporary irritation.

Carcinogenic: None (as per 29 CFR 1910.1200)

Emergency and First Aid:

1. **Inhalation:** Immediately move subject to fresh air.
2. **Eyes:** Flush eyes with water while holding eye lids open. If irritation persists, consult a physician.
3. **Skin:** Wash well with soap and water.
4. **Ingestion:** Do not induce vomiting. Drink one or two glasses of water. Consult with a physician if any irritations persists.

Note to Physicians: No specialized procedures. Treat for clinical symptoms.

Section VII - Spill Procedures/Special Precautions

Spills: Keep spectators away. Floor may be slippery. Contain spills with inert materials. Transfer any liquids or absorbed wastes to separate suitable container, for recovery or disposal. Follow protective measures provided under Special Protection Information in Section 8 of this MSDS.

Waste Disposal Method: Dispose of as local and federal regulations require.

Precautions to Be Taken in Handling and Storing: Do not mix with any other chemicals. Do not freeze.

Store between : Minimum 40°F. Maximum 130°F. Keep container tightly closed. Do not eat, drink, or smoke while handling material. Wash with soap and water after each use. Observe label instructions.

Section VIII - Special Protection Information

Respiratory Protections: Normally not required. If in a confined area without ventilation, and applying by spray, wear suitable respirator (MSHA/NIOSH approved or equivalent).

Ventilation: Normally not required. If in confined space applying by spray, use local exhaust ventilation.

Protective Gloves: Normally not required.

Eye Protection: It is advisable to provide eye protection when using any type of chemical. ANSI Z 87.1 or equivalent splash goggles recommended.
